# ABOUT US

Maria born and raised in Athens, with academical studies in History and numerous years of experience as a Tour Leader, had always dreamt of sharing her love for the city of Athens in her own particular way...And together with Diana's precious know-how on operational level, with long professional experience in the tourism field & expertise in costumer service, they managed to accomplish their dream.

Athens Walker dream team has succesfully hand-picked the best guides and together they have created amazing tours and activities for everyone visiting Athens.
